BESPOKE ACTUATORS

Hydraulic and Pneumatic Actuators

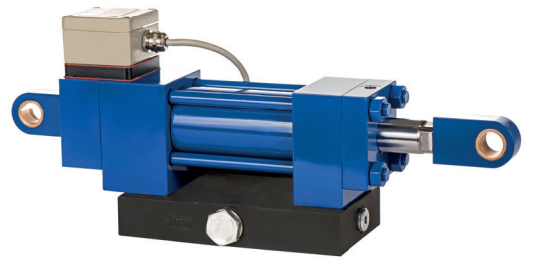

PERFORMANCE UNDER PRESSURE

AGAIN. AND AGAIN. AND AGAIN.

Our high quality **Bespoke Actuators** are available in bore sizes up to **750mm** and with working pressures up to **15,000psi** are proven and **reliable in the field.**

What we offer:

- Expert custom design service based on industry best practice
- Tailor made solutions
- Tie rod, welded and forged cylinder designs
- 3D CAD models
- Hyperbaric testing
- Fluid cleanliness testing
- In-house design, technical and production facilities
- Standard and exotic materials
- Standard and special paint finishes
- Compatibility with a variety of fluids – including hydraulic oil and water glycol
- Seals specifically selected for each application
- Servo applications
- Manifold design and manufacture

Non-standard manifold sensor cylinder

Large bore cylinder

“ The main thing we need you to be is responsive to our technical requirements and the Helipebs engineering team is exactly that”

Senior Designer Engineer

“ You guys know what you are doing and we consider you the experts ... we rely on your expertise and guidance on both this and future projects ... I will be putting all of our hydraulic actuator requirements to Helipebs”

Project Manager

Typically our customers select us because:

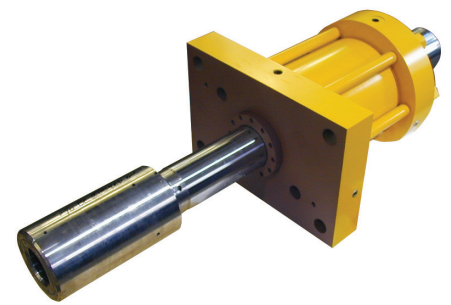

- As technical experts in hydraulic cylinders and systems, they have confidence in our abilities
- We are committed to the continual development and improvement of cylinder technology to deliver ever greater levels of productivity, efficiency, reliability and safety for our customers
- We work hard to understand their application so we can work as partners to produce an optimal solution that meets their requirements
- We have over 45 years of experience in the design and manufacture of hydraulic solutions so our customers trust us and the reliability of the designs we produce and as a result we have long term relationships together
- Our customers trust us and the reliability of the designs we produce and as a result we have long term relationships together
- We fully understand and comply with the rigorous quality requirements that are critical in achieving the highest quality product for demanding environments
- We deliver a quality product on time and ahead of the competition
- We are fully ISO certified to the new 2015 standard

Don't just take our word for it!

There are lots of our customers' testimonials on our website and we are recognised as market leaders with a succession of awards: Queen's Award for Enterprise, Sunday Times Fast Track 100, AI Offshore, Cotswold Life Family Business of the Year and all the latest ISO standards you would expect.

DID YOU KNOW WE ALSO DO?

As well as our bespoke actuators, we can also provide a wide variety of standard tie rod hydraulic and pneumatic cylinders, stainless steel valves and hydraulic systems.

We are also able to offer a full range of services, from bespoke cylinder design through to spares, as well as overhaul of our manufactured cylinders or similar competitors' product.
