

**HELPEBS  
CONTROLS**

## **AWARD WINNING EXPERTISE**

**Market leaders in the design, manufacture  
and application of the highest quality hydraulic  
and pneumatic cylinder technology**

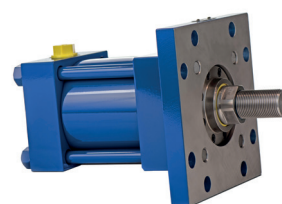

**PERFORMANCE UNDER PRESSURE**  
AGAIN. AND AGAIN. AND AGAIN.

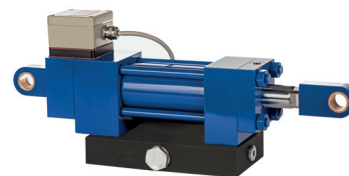

# Helipebs Controls is a leading authority in cylinder and valve engineering technology. We combine over 100 years heritage with market leading expertise proven in the most demanding of environments.

## What we offer:

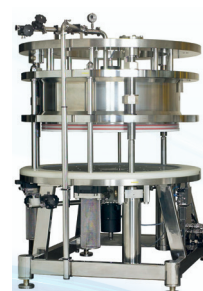

- Bespoke actuators
- Servo actuators
- High performance standard metric tie rod cylinders (EH Range) from 25 mm to 200 mm bore and stroke lengths up to 4500mm
- High performance standard imperial tie rod cylinders (HH, MH and A series) from 1.1/8" to 14" bore and stroke lengths up to 12'
- High quality welded cylinder range from 25mm to 250mm bore
- Hydraulic systems
- Stainless steel valves
- 7 working day delivery on a range of standard hydraulic cylinders
- Full dedicated overhaul and repair service
- Expert technical support
- In-house design, technical and production facilities
- Every cylinder, valve and system is rigorously tested prior to delivery

Standard EH Cylinder

Non Standard Manifold Sensor Cylinder

Stainless Steel Pharmaceutical System

**“ Helipebs are one of the easiest suppliers I have; I can place the order and forget about it until it arrives on time. It’s a given that you get every cylinder order I can place with you.”**

Commodity Buyer

**“ Helipebs are one of the vendors who never give us any issues. Your products are of good quality and I get good feedback on your delivery performance and service, always good to hear.”**

Global Manager

## Typically our customers select us because:

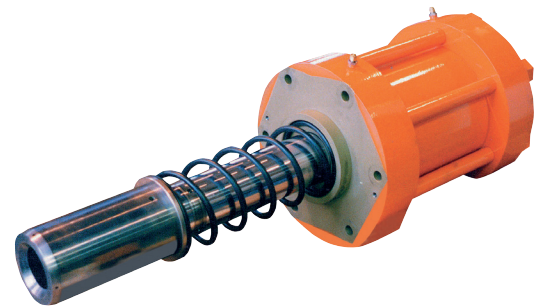

- As technical experts in hydraulic cylinders and systems, they have full confidence and trust in our abilities
- We are committed to the continual development and improvement of cylinder technology to deliver ever greater levels of productivity, efficiency, reliability and safety for our customers
- We work hard to understand their application so we can work as a partner to produce an optimal solution that meets their requirements
- We deliver a quality product on time and ahead of the competition.
- We fully understand and comply with the rigorous quality requirements that are critical in achieving the highest quality product for demanding environments
- We are fully ISO certified to the new 2015 standard

## Don't just take our word for it!

There are lots of our customers' testimonials on our website and we are recognised as market leaders with a succession of awards: Queen's Award for Enterprise, Sunday Times Fast Track 100, AI Offshore, Cotswold Life Family Business of the Year and all the latest ISO standards you would expect.
